STANDARD MEASURING TAPE

FRIEND/PARTNER TO HELP YOU

FOLLOW OUR SIMPLE STEPS

FRONT LENGTH

INCHES

Measure from the shoulder seam (close to collar) down to your desired length.

BACK LENGTH

INCHES

Measure from the shoulder seam (close to collar) down toward the back of your body until your desired length.

SHOULDER SEAM TO WAIST

INCHES

Measure from the shoulder seam to your waist.

FRONT ARMPIT TO ARMPIT

INCHES

Measure from one armpit, across your chest, to the other armpit.

BACK ARMPIT TO ARMPIT

INCHES

Measure from one armpit, across your back, to the other armpit.

SHOULDER

INCHES

Measure from one end of the shoulder to the other end. The measuring tape should be held horizontally and follow the shoulder contour.

CHEST

INCHES

Pass the measuring tape directly through the armpit and across the fullest part of your chest while keeping it at the same level on the back.

STOMACH

INCHES

Take the measurement at the level of your navel. Stand in a relaxed upright position and breathe out while measuring.

HIP

INCHES

Measure around the widest part of the hip. Do not forget to empty your trouser's pockets before taking this measurement.
